

GROWCO is Good News to Grow your Company to the next level.

Growco LS Series PD Double Case Flow Meters used in Marine Fuel Oils for Custody Transfer Applications.

The country of Singapore is strategically located at the cross-road of the very busy Straits of Malacca, Singapore and South China Sea with all kinds of marine vessels including Container Carriers, Very Large Crude Carriers (VLCC), Large Leisure Cruise Ships and Medium size support vessels to maintain the reputation of Singapore ports to be as the City State that never sleeps; give the real meaning of 24 hours in 7 days per week over the whole year round or in short form as "24/7" !

In order to ensure that all the operations are carried out seamlessly and are working very well in Singapore, there are many contributions from all the people working behind the scenes to execute the magic for all visitors, tourists and residents of Singapore to have a comfortable and memorable stay with world's class standards and expectations.

Hence, we are very pleased to be selected by our customers for the purchases of our **Growco** Large Size (10inches or DN250) LS Series PD Double Case Meters used in marine fuel oils for their custody transfer applications where these operators will refuel all types of vessels for the onwards sailing after completion of their tasks.

The photograph on the left was taken before delivery to our customers as well as the **Growco** Large Size flow meter shown below performing the standard calibration procedures to meet the custody transfer requirements of the Weights & Measures Authority.

We would like to take this opportunity to express our sincerest appreciations for our customers' supports and their trusts in our high quality **Growco's** products which provide very good value-add to their investments.
