

GROWCO is Good News to Grow your Company to the next level.

Kampuchea Tela Company – One of the well-known Petroleum Companies in Cambodia has selected to use our Growco reputable products for their new petroleum jetty terminal with frequent ocean vessels usages.

Kampuchea Tela has several hundred of retail outlets and service stations nationwide, and has been supplying the local and regional markets as one of the well-known petroleum companies in Cambodia.

Below are the photographs taken before packaging with close-up views for easy viewing.

We are very excited to share that TELA have placed their major purchase order for the supply of our large Growco 12 inches double case Positive Displacement (PD) flow meter with Large Numeral Counters (LNC) & ticket printer and the large Growco 16 inches Strainers with 2 air eliminators.

The above photograph was actual photograph taken at site. TELA is very impressed with the Growco double case PD meters and air eliminators used in their jetty terminal with frequent ocean vessels loading of the petroleum products to ensure high precision and rugged construction for long term reliability.
